

## **Environmental Policy**

**The P&N Security Group are a professional and environmentally conscious organisation that acknowledges the impact our services may potentially have on the environment.**

The P&N Security Group have clear objectives to reduce any impact on the environment by enforcing the following procedures throughout the group and all operations:

- Considering the effects our operations may have on both the local and wider communities.
- Preventing pollution and reducing wastage throughout the group and all our operations.
- Ensuring where ever possible and practicable, that measures are implemented to protect and preserve natural habitats.
- Promoting environmental health and sustainability amongst our operatives, suppliers and contractors by way of operational procedures.
- Taking action to eliminate or reduce where ever possible and where practicable, any potentially adverse environmental impacts our offices or operations may have.
- By seeking to work in partnership with both local and wider communities by ensuring operations and operatives are conducted and behaved in a considerate and socially responsible manner.
- Ensuring that incident control, investigations and reports are efficient and expedient.

The P&N Security Group's managerial and supervisory operatives have set responsibilities and duties to ensure the implementation and monitoring of the environmental policy is in force and issues are given adequate consideration on an operational day to day running basis.

All operatives and sub contractors employed by the P&N Security Group are expected to comply and co-operate with the implementation and monitoring of this policy whilst carrying out their own duties without risk to themselves or clients.

The P&N Security Group comply fully with the duties in place with regard to legislation and requirements set out by the Environment Agency. As part of the P&N Security Group's commitment to maintaining the highest levels of environmental management, it is the intention to comply with and work towards the environmental management systems that are compliant with ISO:14001.

The Executive team have overall responsibility for all environmental matters. The implementation and operation of this policy will be monitored, reviewed and if necessary updated periodically. The executive team and board have endorsed this policy and all give full support to its implementation.
